# FIRST LADY OF MOTOWN

Claudette Robinson, First Lady of Motown, is a Rock and Roll Hall of Famer and an original member of The Miracles. This Motown icon inspired the hit "My Girl." With a star on the Walk of Fame and a National Treasure Award, Claudette still dazzles audiences with her grace and beauty. Through her children's book, "Claudette's Miraculous Motown Adventure," she shares her story with the next generation. Claudette's enduring influence and timeless appeal make her an ideal figure for commercial endorsements and speaking engagements.

As a Motown historian, Claudette works tirelessly to preserve the Miracles' legacy. She has curated Miracles exhibits for the Grammy Museum and the LBJ Library. An exhibit featuring the story of her life is currently on display at the Motown Museum.
